INVITATION FROM THE FSA PROGRAM CHAIRS

Dear Registrant,

On behalf of the Board of Directors of the Florida Society of Anesthesiologists (FSA), we would like to invite you to the paradise that is the Breakers Resort, home this year to the FSA Annual Meeting.

2015 marks the sixty-seventh year since the founding of our society and we want to thank you for being a member of the FSA and ASA. Our profession has made remarkable strides in safety and it is through the support of physicians like you that we are able to continue our work of advocacy for our patients and our specialty. This weekend, we look forward to meeting all of you, whether in the lectures, exhibit hall, or poolside to get your valuable feedback on where the FSA should be focusing its efforts.

This year we will be focusing specifically on the Perioperative Surgical Home (PSH). Our goal is to introduce to attendees what the Southeastern states are doing to implement this new paradigm of practice. We will have both private and public practice groups speak on what they have done over the last 18 months as well as where they are going with the (PSH). Topics will include preoperative and intraoperative strategies, metrics to measure, defining success, and making it fiscally possible.

Dynamic ASA leaders will also be here to give us their thoughts on nation-wide issues, and we are very proud to welcome back Andy Harris, MD, the first anesthesiologist in the US Congress, as he presents his unique perspective on what's happening in Washington DC. His Saturday talk is not to be missed as it will certainly be insightful and entertaining.

The relaxing island lifestyle of this special place lends itself particularly well to networking with your colleagues from around the state. We hope you will also enjoy getting to know your fellow physicians and share your experiences on what's working to make a successful anesthesia practice. As our specialty faces many pressures, it is refreshing to be in an environment where everyone around us understands our mutual challenges.

It is our sincere hope that this time away from work affords you the chance to relax and learn something new to take back to your group.
