

Moeed Azam, MD:

I am submitting a statement of interest after being nominated by Dr. Jay Epstein. I have served in the Legislative Committee under the direction of the Chairman now for several years. I have coordinated with my practice leadership for USAP contributions to the PAC on behalf of every one of our physician partners. I also chair my company's national PAC and function on the state and federal side. I look forward to supporting the FSA President, FSA PAC chairman, and FSA Legislative Committee chair in any capacity, whether on the PAC board or simply as an FSA member. Thank you for the nomination.
