

Adam Fier, DO

Assistant Treasurer Candidate

I've been an active member for over ten years but first joined the board in 2016 as a District director and FMA delegate and ASA alt delegate . I participated on several committees joining nearly 100% of legislative call ins since joint the board. I found myself taking a leadership role in my county medical society rising through the ranks to be the Brevard Society President this year. I participated in the FMA leadership academy which has resulted in being asked to serve on the FMA PAC board, and this year have served as the membership chair for the FSA, while still actively participating in the legislative committee and serving as Doctor of the Day, while also continuing on as a District Director.

I have learned from great leaders including my mentor Dr JC Lydon. I think I bring a unique and underrepresented area to the board, that of a smaller private practice physician (currently Academics and large groups well represented). I think I am ready to take the next leadership step in the FSA and I appreciate your support.
