ASA Delegate at Large Candidate

I am running for the position of ASA Delegate at large and would greatly appreciate your vote and support. My term as Immediate Past President is coming to an end, however I truly hope to continue representing the FSA at the ASA Annual Meeting. At the ASA I am the current Chair of the Committee on Residents and Medical Students, member of the Academic Anesthesiology Committee, and on the Committee on Membership. I have also attended the ASA Board meetings in Chicago (and virtually) for the last 5 years. I hope you agree that I am a strong advocate for the FSA at the national level and can continue to represent all anesthesiologists in the State of Florida in this capacity. Thank you.
